Computer Science Graduate | Data & Automation Builder | Aspiring Data Science Professional

Computer Science graduate focused on data, automation, and practical problem-solving. I build Python tools using pandas, openpyxl, PySide6, and related technologies to improve everyday workflows. I also gained hands-on IT support and cybersecurity exposure through internship experience with Microsoft 365, Microsoft Defender, Power Automate, Copilot, and basic networking.

Experience

Cyber Security and IT Support Intern - Goinnovior Technologies Limited | Nov 2024 - Apr 2025 | Dhaka, Bangladesh

- Provided IT support and learned cybersecurity fundamentals in a practical work environment.
- Worked with Microsoft 365 tools including Office apps, Teams, SharePoint, OneDrive, and Forms.
- Gained exposure to Microsoft Defender, Power Automate, and Copilot.
- Practiced basic networking and routing troubleshooting.

Projects

QRBatchPro - Offline QR Generator | Python, PySide6

- Built a commercial offline QR generator.
- Added admin-controlled user keys, persistent counters for uniqueness, batch export, and ZIP packaging.
- Packaged the app as a Windows executable using PyInstaller.

ExcelMergerPro - Excel Merger for Windows | Python, pandas, openpyxl, PySide6

- Built a Windows desktop app to merge Excel files.
- Implemented drag-and-drop import, folder scan, sheet rules, header auto-detect, optional dedupe, previews, profiles, HTML reports, and safe export.
- Packaged as a Windows executable using PyInstaller.

QuestionToolsApp - Excel Question Bank Cleaner | Python, pandas, openpyxl, Tkinter, ttkbootstrap

- Built a Windows desktop app to clean Excel question banks.
- Added filtering, deduplication, English-only removal, safe export, and undo backups.
- Packaged with PyInstaller.

Education

2026 - Present	M.Sc. in CSE (Major in Data Science), Daffodil International University
2020 - 2024	B.Sc. in Computer Science and Engineering, Daffodil International University CGPA: 2.83 / 4.00
2017 - 2019	HSC (Science), Dinajpur Government City College GPA: 4.00 / 5.00

2009 - 2016	SSC, Dinajpur Zilla School GPA: 4.89 / 5.00
-------------	---

Skills

Languages: Python, C, C++, JavaScript, HTML, CSS, Dart
Desktop Apps: PySide6, Tkinter, ttkbootstrap, PyInstaller
Python and Data: pandas, openpyxl, Excel automation, data cleaning
Microsoft 365: Teams, SharePoint, OneDrive, Forms, Power Automate, Microsoft Defender, Copilot
Automation and Support: Selenium, troubleshooting, basic networking

Publication

Performance Comparison of ARIMA, Facebook Prophet, and LSTM in Time Series Sales Predictions (2024)

Authors: MD. Shahriar Ahamed Ridoy, Aisha Afroj. This paper compares three major time-series forecasting approaches for sales prediction: ARIMA, Facebook Prophet, and LSTM.

Languages and Interests

Languages: Bangla (Native), English (Fluent)
Interests: Learning about new technologies, travelling, exploring new places
